> the strengths

- > an exclusive box for rendering papers
 - animal official papers
 - removal order
- > documents protected of rain
- > easy localization of documents
- > clean and sustainable equipment

> how it works

- The breeder puts animals IDs in the suitcase - suitcase closed, it does not fear rain - the farm name is written on the box.

- The collect agent open the suitcase and take the papers - puts the removal order in - fixes the suitcase in position on its support.
